Election to Who's Who Among Students in American Universities and Colleges is one of the highest honors a student can receive during his undergraduate years. Only those who have demonstrated integrity of character, able leadership in extra-curricular activities, and superior academic achievement are eligible for nomination. In recognition of these qualities, of

their service to the college community, and of their spirit of co-operation exhibited by their participation in the advancement of the educational aims of North Carolina College, their biographies will appear in the 1951-52 edition of *Who's Who Among Students in American Universities and Colleges*.

predecessors which have led to their exhibiting persistent effort, scientific curiosity and objective thought in their experimental endeavors.

These are the scientific masterminds who will play decisive roles in shaping tomorrow's world.

LUCKIES TASTE BETTER!

Verified evidence proves
LUCKIES BEST-MADE OF ALL FIVE PRINCIPAL BRANDS!

Luckies are made better—and have the proof! They're always so round, so firm, so fully packed, so free and easy on the draw—with no annoying loose ends to spoil their taste!

"In our judgment the above bar graph accurately and reliably depicts the relative quality of these brands. It is our conclusion that Lucky Strike is the best-made of these five major brands."

(Signed) Froehling & Robertson, Inc., Richmond, Va.

"We confirm that in our opinion the properties measured are all important factors affecting the taste of cigarette smoke. We do verify that the above chart correctly shows that Lucky Strike ranks first in quality."

(Signed) Foster D. Snell, Inc., New York, N. Y.

You get fine tobacco in the cigarette that's made better—that's why Luckies taste better!

Remember, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, light, mild, good-tasting tobacco. There's no substitute for fine tobacco—and don't let anybody tell you different!
